Pestalozzistraße 5
22844 Norderstedt

The Friedrichsgabe Family Center

The Friedrichsgabe Family Center (FZ Friedrichsgabe for short) is an important contact point for families in the region. It is a place of encounter, support and assistance. In open and free services, parents can meet and exchange ideas with other parents and spend quality time together with their children. All services are supervised by educational specialists who offer advice on all questions relating to family life.

The FZ Friedrichsgabe team consists of social education workers Juliane Delfs and Lisa Hopf, two long-time employees of the SOS Children's Village. The activities take place at different locations. Please refer to the details in the activity information.

EVERYONE is welcome to come along!

Lisa Juliane

Welcome
